

## 12 Bar Blues

There are loads of different variations of the 12 bar blues.  
It can be played in any key, but common keys for the guitar are A and E.

Here is one of the most common variations (in the key of A):

**A A A A**

**D D A A**

**E D A E**

The last bar, here it is **E**, is known as the “turn around”, as it leads back round to the first bar.
