

HTW Group Classic Vehicle Meeting 6th July 2022

Recently, several members of HTW Group met up with their vehicles for a local circular run and a then a lunch at the Golden Lion, Luddesdown.

On assembly at The Lion and by chance a neighbour to the Pub joined us to admire our vehicles and also invited us to his barn to a look at his fascinating and varied collection of vehicles , giving us a brief history of them. (See photos)

After this we adjourned to The Lion, for a pleasant and fun (!) lunch. This was our first meeting and I was pleased to see the variety of vehicles in our HTW group. However, I know there are more out there! ! both in the HTW group and in our Meopham u3a group too.

Should there be sufficient interest in a further meet this year when hopefully more can attend inc. those unable to attend this time, both in our HTW group and Meopham u3a, then I will look at a further meet in Sept. I will speak with the Group coordinator about this and publish in our monthly bulletin.

Remember, you don't need a Classic to attend. There are likely to be seats available, should you wish to have a ride in one!!

David Denman
